

All your health benefits in one simple, smart app

When you have a question about your health benefits, you want quick answers. The Sydney Health app has everything you need to know about your Anthem plan, personalized and in one convenient place.

Help for all your benefit needs

That includes making sure your plan information is always with you, with the Sydney Health mobile app and our website, anthem.com/ca. Download the Sydney Health app and register with your student ID number and password.

In one step, you can:

- Find care and check costs.
- Learn about benefits.
- See claims.
- Chat with a Student Support Specialist.
- View and use digital ID cards.

Simple

Ready for you to use quickly, easily, seamlessly — with access to benefits information, Member Services, wellness tools and resources and more.

Smart

The app acts as a personal health guide, answering your questions and connecting you to the right resources at the right time. You can even chat with a Student Support Specialist to find answers quickly.

Personal

Receive reminders, alerts and health tips, including doctor recommendations based on your needs. The more you use it, the more Sydney Health can help you stay healthy and save money.

How to download our Sydney Health app:

Scan the QR code with your phone's camera.
